

RT AERO (BHF-T1005) (MP3 Compatible)

EXCLUSIVE FEATURES & BENEFITS

BH exclusively develops this to optimize the treadmill performance. Under the ECO Mode, the function not only saves electricity, but also accelerates calorie burn which gives you a much more effective training result right away!

The new design of Multi-Cushion with larger contact surface not only lowers the pressure on knees and ankles effectively, but also protects the running board while running.

RT Aero is specially made for intensive and professional use at home. The specifications are similar to the levels of commercial use treadmills and it is definitely the best running training equipment.

The RT Aero features Eco Mode system that saves electricity and accelerates calorie burn which gives you a much more effective training result right away! It comes with a 2.75HPP Green Efficient Motor with high quality materials, making the motor more reliable. Its features include multi cushion shock absorbing system, 18"x 54" deck, a 12% incline and 12 pre-set Triathlon training programs.

BH GREEN EFFICIENT MOTOR

The motor comes with highest class ball bearing, high speed cooling fan system, additional 30% magnet power and high speed turning steel axle to increase its efficiency.

BLUE-BACKLIT GRID LCD INTERACTIVE DISPLAY

The console monitor displays information including speed, incline, pulse, time, distance and calories in large font size and blue backlit with built in speakers for your MP3 and powerful fan for a cooler and longer run.

SOFT DROP SYSTEM

A safety system designed to descend the running board at a slow speed and prevent back injuries.

12 PRE-SET TRIATHLON TRAINING PROGRAMS

programs programs	
P1	P7 July
