Description

Deskmill is revolutionarily the best of both worlds to date where work meets workout, incorporating an oversized desk with multi-purpose spacesaver® design. New studies emerge every day highlighting the negative effects of sitting. Deskmill allows you to workout while you work, saving you time, space and money. Improving your fitness and health levels gradually.

EXCLUSIVE FEATURES & BENEFITS

CLASSY MAHOGANY WOOD GRAIN DESKTOP

Durability and aesthetics live on the 40-inch by 18-inch, stable desktop work surface. A 1-inch flat, solid composite desktop is protected with attractive mahogany wood grain laminate for a surface that looks great and performs beautifully.

EASY REACH DESKTOP CONTROLS

An easy-to-read LCD console display is built right into the desktop. Three readouts display your time, distance, calories, calories per hour, incline, and speed. Simple controls adjust your speed and incline on a clear, concise display so you can easily monitor your progress.

POWER-ADJUSTABLE INCLINE

Deskmill's 10-percent incline can be adjusted digitally with a touch of a console button. Raise incline to activate specific muscle groups and burn more calories.

ADJUSTABLE DESK HEIGHT

Find the perfect desktop height for you. The desktop is adjustable between 26 and 42 inches to accommodate multiple user heights for sitting, standing, walking, or running.
