EXTENDED HANDRAIL

Providing extra stability to the user at the same time to ensure user will never fall off from the side. The handrails are solid and sturdy, aims to assist beginner and post recovery user that are new to using the treadmill.

WIDE RANGE OF INCLINATION

The treadmill offers a wide range of inclination. Ranging from 0-18 levels, suitable for all kinds of training and users from veteran to beginner runners.

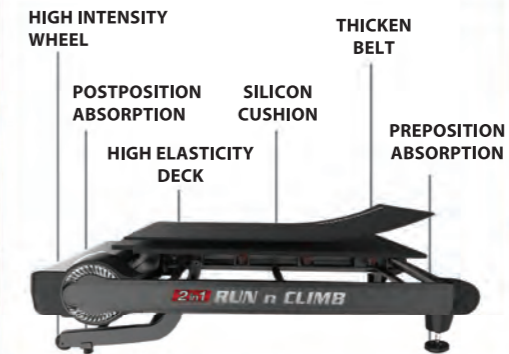

MOTOR OFF CLIMB MODE

In motor off mode, the treadmill will be in manual mode while maximum inclination will be set. The running belt will be driven according to the user. The faster you run, the faster the belt will move, the more calories you will burn.

SUPER WIDE DECK

With deck width measuring 63cm, it is large enough for most user to use the equipment comfortably.

ABSORPTION PRO

The running deck, belt and cushion are all designed to reduce impact and noise when you run. Now you can enjoy your workout without worrying about your knees.

EASY FOLDING DESIGN

The treadmill can be folded and moved easily as there are built-in transport wheels in it. Making it easy to relocate the machine from room to room with minimal effort.

“Burn calories like no other treadmill!”

I've owned several treadmills in the past, this is by far my favourite. It is great for HIIT workout, I lost 5 pounds in just 4 weeks! A very good treadmill for this price.
